

One-on-One Tutoring Makes a Difference

When you give to United Way, you are making a way better difference in the lives of children and families in our community. We are pleased to share highlights about one of United Way's programs: FACTS, a reading tutor program.

"I've been involved in mentoring for 10 years and have made some very good friends. One of the children I mentored when he was 8 years old is now playing football in high school!"

Barbara Groat
FACTS Volunteer

"I like to give of my time to help others. I'm a mom myself and I know how tutoring and one-on-one helps children."

Deb DeYoung
FACTS Volunteer

"My husband and I are retired teachers. We've been mentoring for about 10 years now. We get more out of this than the children do. Mentoring establishes a bond with children."

Ethel Blocker
FACTS Volunteer

"I taught Chemistry and Physics for 30 years and now I'm teaching elementary students how to read. The FACTS program is a great thing."

Glen Blocker
FACTS Volunteer
